EDUCATION

Graduation Details
Sir M. Visvesvaraya Institute Of Technology

2017 - 2021   7.5

Courses
- Bachelor of Engineering (B.E), Information Science

WORK EXPERIENCE

Software Engineer
Albiorix Technology Pvt. Ltd

04/2022 - Present   Ahmedabad, Gujarat

Achievements/Tasks
- Developing Super Admin dashboard using Reactjs and Redux

System engineer
Stratogent

10/2021 - 02/2022

Stratogent builds and operate complex infrastructure – across on-premise, data centers, and clouds.

Achievements/Tasks
- Performing threat simulation and penetration tests to identify and detect possible risks.
- Performing Endpoint security using Cloud native Tools like Crowdstrike.

Web Developer(MERN STACK)
UCPRO LLP

12/2020 - 10/2021   Bengaluru

FLATR [MERN STACK, Heroku] and BRIKMAN [MERN STACK, Heroku]
- FlATR is a dynamic website developed using Mern stack where I have used ReactJs for frontend and Nodejs for backend and MongoDB database.
- It is used to search the flats based on the Rent, Deposit amount, Floor, Location etc. So we can easily filter out flats on the map with the help of FLATR, and we developed admin dashboards to control the entire product.
- Used React-Leaflet Map library to design maps.
- Implemented JWT and Google OAuth for Authentication.
- Implemented Redux for state management.
- Handled Hosting the server in Heroku and Netlify.
- BrickMen is a website for the business of designing and manufacturing the customized products such as Mugs, Visiting cards, and many more things.
